

The EUI has an open vacancy for a

Research Fellow in the

Robert Schuman Centre for Advanced Studies

Florence, 03 May 2024

Reference: V/RF/RSC/72/2024

Who we are

The **European University Institute** (EUI) at a glance:

- an **international organisation** set up in 1972;
- a research university focusing exclusively on **postgraduate, doctoral and post-doctoral studies**, and advanced research;
- located in the hills overlooking the city of Florence, Italy.

The Institute also hosts the Historical Archives of the European Union.

The [Robert Schuman Centre for Advanced Studies](#) (RSCAS) is an inter-disciplinary research centre at the heart of the European University Institute (EUI). It was established in 1992 to complement the four EUI disciplinary departments (Economics, History and Civilization, Law, Political and Social Sciences) with the aim to be involved in both basic and policy research, collaborate with other centres of excellence in Europe, provide opportunities for young scholars and promote dialogue with the world of practice. The Centre's goal is to maintain an environment and support structure that fosters intellectual curiosity and excellent research. The research agenda of the Centre is currently guided by three major themes: Integration, Governance and Democracy; Regulating Markets and Governing Money; and 21st Century World Politics and Europe.

Place of work

Florence, Italy

About the project

Project Director

Prof. Thorsten Beck

Project details

[The Florence School of Banking and Finance](#) at the Schuman Centre is looking to appoint a research fellow to work on issues related to banking and finance. These issues range from digital finance, the use of AI in finance and financial supervision, cyber risk, sustainable finance, climate risks analysis, financial stability and bank resolution, banking supervision, among others.

The Florence School of Banking and Finance is a key point of reference for training and debate on banking and finance policy at the European level. Since its establishment in 2016, more than 17.000 people from over 75 countries have participated in over 200 training and debate activities of the School. The banking and financial professionals involved in the School's activities include members of European and non-European central banks, national supervisory and control authorities, European institutions, academia and the private sector, including numerous high profile figures.

The successful candidate will be expected to work with scholars from different disciplines interested in the same issues.

Job description

The research fellow will carry out research work in an independent manner and collaborate on the research work of the project.

Main task include:

- Developing and designing training programmes and curricula;
- Coordinating pedagogical activities at the Florence School of Banking and Finance, related to digital finance, sustainable finance, banking supervision and/or financial stability;
- Supporting the coordination of overseeing the scientific development of new training activities;
- Co-designing and advising on the development of case studies, practical activities, exercises and other teaching and learning materials;
- Collaborating in conducting research projects and other activities with project directors and other academics in the school and institute;
- Advising on the programme development of workshops, seminars and other research or policy events on banking and finance;
- Keeping direct relations with relevant stakeholders as well as enhancing cooperation and networking activities;
- Assisting in the development of research proposals and applications for external funding;
- Contributing to the activities and collaborating in disseminating research results through the project's webpage and social media;
- Writing co-authored and single authored working papers suitable for publication in academic journals.

Qualifications and experience

Qualifications and Experience

Essential:

- PhD in Social Sciences (PhD students about to defend their thesis are eligible conditional on the successful thesis defence by the contract start date);
- Demonstrated knowledge of issues related to digital finance, sustainable finance, banking supervision and/or financial stability;
- Proven ability to communicate technical issues in non-technical language.

Desirable:

- Proven knowledge of comparative economic policy and policy making;
- Proven academic writing skills acquired through previous experience;
- Demonstrated communication skills acquired through previous experience.

Languages

Excellent knowledge of English, both spoken and written ([CEFR](#) level: C1 or above). Knowledge of other languages constitutes an advantage.
