

# JOINT SESSIONS OF WORKSHOPS

Schuman Centre 30<sup>th</sup> Anniversary

---

17- 21 June 2024, Florence

# PROGRAMME

1993  
2023

Dear friends and colleagues,

It is a great pleasure to join you in celebrating the 30th Anniversary of the Robert Schuman Centre for Advanced Studies at the European University Institute. The Robert Schuman Centre exists to collect and create cutting edge academic research and make it accessible and relevant to stakeholders in the public and private sector. This week, we aim to focus on collecting your valuable insights and encouraging collaboration. By working together, we hope you'll deepen your analysis, form new connections, and spark lasting conversations. Challenge each other to think harder, ask probing questions, and push the boundaries of knowledge. This engagement is key to developing professional trust and improving your work. The Robert Schuman Centre is more than a place for advanced studies; it's an interdisciplinary collaboration experiment. If successful, your conversations this week will continue into the future and reach a wider audience. Good research often finds unexpected applications, enriching academic literature, conferences, and classes, and influencing broader societal discussions. Even simple acts of creative scholarship can underpin important global debates. We look forward to continuing this journey with you, building new friendships, and starting new conversations as we celebrate thirty years of achievement.

Many thanks to all of you for joining us, and welcome to the family!

Warm regards,

Erik Jones
